

## EDOUARD MORTEC

-

<http://www.edouardmortec.com>

Born 1975, lives and works in Paris.

After a brief career as a sound engineer he focus on photography as a self-taught.

His work, often on the border of the abstract and the representational is essentially influenced by modern painting and experimental photography.

The latest series explore the possibilities of the digital technology by integrating programming into the process of creation.
